Please call us or visit our website  
to learn more about our program  
or schedule a visit to meet with us.

Little Blessings gave each of our  
five daughters a great foundation  
for education and socialization.  
The staff is so gentle, caring and  
professional. Our daughters met many  
friends and enjoyed going each day.  
Thanks Little Blessings staff!  
We miss you guys now that the  
kids are in elementary school!  
We especially miss the concerts  
in December and June!

## ABOUT US:

Little Blessings Nursery School is a community based not-for-profit organization dedicated to providing quality nursery school education for preschool children. We are a team of dedicated teachers and board members that strive to provide a loving and happy environment for children to explore and learn. Our mission is to provide a safe and nurturing environment for children to learn through play and to support the children's family in developing their family and Christian values.

**We feel so lucky to have found Little Blessings. The staff are so loving and caring, giving us complete peace of mind. They will always hold a very special place in our hearts for all they taught our children and the amazing memories they have given our family.**

*- The Calnek Family*

## PHILOSOPHY:

We strongly recognize the needs of the child and family; respecting each child as an individual and each family as unique. We provide a safe and nurturing environment where we can allow the children to explore and gain independence through play and faith.

We do our best to instill a sense of safety and feelings of love, so that each individual that interacts with our community be it the child, family member, staff member, or volunteer feels valued and appreciated.

We are also a Christian based organization and therefore we will make countless efforts to sow seeds of faith within all we do. We will not force anyone to believe, but they will have opportunities to hear about God and all that he has to offer.

## OUR PROGRAM:

The program consists of a variety of child led play experiences which assist each child in their own learning and independence. Our program allows for flexibility so that individual needs and interests are fulfilled.

Our staff is sensitive to your child's needs, supporting his/her various stages of development, and ensuring their health and safety within our center.

Our large bright rooms are arranged in learning centers to facilitate learning through play. Learning centers are organized with materials to allow for open-ended play that challenges active minds and bodies. We also provide the children with outdoor play in our large fenced play yard.

It is our goal to meet the needs of each child through ongoing parent involvement and communication.
