“

My daughter was here for two years and she never wanted to leave. The teachers are awesome, the facilities are amazing, and the whole school is clean and safe. My favourite is that they have a large fenced playground for outdoor play, but they also have a full gymnasium for indoor play when the weather is not so great. If only we can stay here forever, we would. We will definitely miss coming here.

“

We wanted to enroll our son in a program for him to socialize with other children his age, participate in fun activities that we normally don't do at home and to prepare him for school. Little Blessings has been fantastic!

Our son has improved his speech tremendously. They offer a wide range of activities that stimulate and engage our little one keeping him busy and developing new skills. All the teachers are very sweet and caring. Thank you very much for all your hard work, love, dedication, patience towards the children and for making everyday a fun and safe environment.

## About us

Little Blessings Nursery School is a community based not-for-profit organization. We are faith-based and dedicated to providing a quality play-based half-day program for children 2 to 5 years of age. Our team of dedicated and certified teachers, board members and volunteers strive to provide a loving and happy environment for children to explore and learn.

## Our Staff

Every room has a staff member that has a degree in Early Childhood Education, and are members in good standing with the College of Early Childhood Educators (RECE). All of our educators bring a wealth of different experiences and backgrounds that complement one another which allows our program to offer a dynamic and creative group of activities for the children and families.

## Our Mission

Provide a safe and nurturing environment for children to learn through play and to support the children's family and Christian values.

## & Vision

A community fostering life-long learning and Christian faith.

You are always welcome to schedule a tour. Please call or email us to set up a time to meet with us.

## Small Class Sizes

We maintain low student-to-teacher ratios to ensure personalized attention and support for each child.

## Our Program

Our program allows for flexibility so that individual needs and interests are fulfilled. Our staff is sensitive to your child's needs, supporting his/her various stages of development, and ensuring their health and safety within our centre. Throughout the school year, we program our Christian curriculum into the various areas of play such as through art and cognitive activities, music and Bible stories.
